· SERIE A ·

La línea Zuccardi Serie A resalta la riqueza y diversidad de los diferentes microclimas y suelos de Argentina. Serie A viene de "Serie Argentina" como forma de expresar las variedades más representativas provenientes de las mejores regiones para cada una de ellas y seleccionando los mejores viñedos a lo largo de la Cordillera de Los Andes.

Este Syrah posee un color violeta atractivo y brillante, con aromas a mora fresca y una excelente estructura. Un vino especiado, con sabores a ciruelas maduras y con un final largo y sutil. Todas las uvas provienen del Valle de Uco, donde se combinan perfectamente la altitud con suelos pedregosos, y grandes depósito de roca, dándole a los vinos una delicada estructura tánica y carácter fresco y especiado.

The Zuccardi Serie A range demonstrates the richness and diversity of Argentina's many micro-climates and soils. Serie A stands for "Argentina Series" as the way of expressing our most representative grape varieties by recognizing the best growing regions specific to each, and selecting top vineyard sites along the foothills of the Andes Mountains.

This Torrontes has enticing aromas with hints of white flowers, pears, oranges and passion fruit. On the palate, it is refreshing with great persistence and a delicate finish. All grapes come from old vines in the northwest valleys of Argentina, the original birthplace of Torrontes, and also home to the world's highest mountain vineyards.

We have been making wine on our family estate since 1963 combining the best in traditional winemaking with our enthusiasm for innovation. Torrontes and Pinot Grigio are grown on our vineyards using the special "Parral" trellis system. Complex and aromatic, this elegant wine displays ripe peach, pear and citrus characters with a touch of rose petal, balanced by crisp acidity and a long, harmonious finish.

Several years ago, our Vineyard Manager came across a small, very old vineyard in Mendoza, whose owner was smoking his pipe under a tree. The vineyard had little value to the owner as the old vines produced low yields of small grapes, but our Manager immediately recognised the vineyard's potential for producing beautifully rich wines. The owner described it as a "cachibaché" – a thing of little value to one man, but of great value to another – and our new wine was born. Cachibaché Malbec is deep purple with intense bramble, damson and plum aromas and flavours, infused with touches of spice. The richly textured fruit and long, complex finish make this delicious wine a great partner for grilled steaks, lamb shanks and full-flavoured pasta dishes.

Serie A stands for "Argentina Series" as the way of expressing our most representative grape varieties by recognizing the best growing regions specific to each, and selecting top vineyard sites along the foothills of the Andes Mountains.

Our low-yielding Tempranillo vineyards lead the way for this grape variety in Argentina. Married with Argentina's signature Malbec, it makes a great example of our quest to blend heritage with modern flair. All grapes are from estate vineyards in the Uco Valley, an exceptional area for Malbec and Tempranillo, with the perfect combination of altitude and stony soils with large rock deposits, giving the wine fresh, spicy notes and structured, yet soft, tannins.
